Re; Haul-It Nationwide Ltd

Exel is a logistics company which is dedicated to providing our customers with the highest levels of service. Maintaining such high quality standards means that we need to utilise the support of contractors and suppliers who achieve similar standards.

Haul-It Nationwide Ltd has supplied our frozen distribution facility at Crick with temporary LGV drivers since December 2001. During this period they have proved to be an excellent service provider and are able to manage our requirements effectively. The drivers supplied are reliable, smart in appearance and perform their duties in a most professional manner.

Supplying our organisation with high volumes of drivers Haul-It Nationwide Ltd are second to none in respect to the way in which they administrate the financial, technical and legislative aspects of their business.

In summary we will have no hesitation in recommending Haul-It Nationwide Ltd as a "first class" driving support agency.

Yours sincerely

Mr. Lea Jones

Transport Manager

Exel
