Testimonial; Haul-It Nationwide Ltd

Haul-It Nationwide LTD has been supplying temporary LGV drivers to the Wincanton (*Britvic NDC*) since 2004. In 2006 Britvic awarded Wincanton their Primary Transport contract which increased its core fleet operation throughout the UK.

Since March 2006 Haul-It has continued to deliver a cost effective national single invoice solution, co-ordinating the supply of all temporary LGV driving labour requirements to our depots in Leeds, London, Norwich and Lutterworth.

Haul-It has covered approximately 8000 bookings in 12 months achieving average fulfilment rates of 99.5%. Haul-It has provided an excellent overall service, as in any relationship there are highs and low however Haul-It has managed these situations including issues around legal compliance non – conformance non return of Tachograph's and drivers hours infringements.

In summary we will have no hesitation in recommending Haul-It Nationwide Ltd as a "first class" management service provider of temporary LGV driving labour.

Yours sincerely
